# Who Has Seen the Wynd?

*James Tynion IV* has made ***Batman*** the hit comic of 2020—but he's not making Gotham City his exclusive residence. Instead, he's spending some of his time in a fantastic world where magic is real—and where magical heritage is punishable by death.

It is in this world that readers will meet a boy named Wynd—a boy who must keep his true identity (and his pointy ears) a secret from everyone in Pipetown, even if it means he'll never have the normal life he wants. But when his secret is threatened, Wynd is forced to leave his home behind to embark on a dangerous quest that will put him at the heart of a royal conspiracy beyond his imagination. On the run with the boy of his dreams, his best friend Oakley, and a literal prince, Wynd will have to embrace the magic within himself if he wants to save them from the shocking dangers that await!

The news that ***Wynd #1,*** written by Tynion and illustrated by *Michael Dialynas* (who collaborated with Tynion on the award-winning series ***The Woods***), is scheduled for mid-June release might surprise some readers who aren't sure how they missed Boom! Studios' solicit info for this major new series. There's a good explanation, however: ***Wynd #1*** was never solicited in the standard catalog manner.

"Though ***Wynd*** was originally announced as an original graphic novel from the Boom! Box imprint for a November 2020 release, the company saw a unique opportunity to deliver fans and retailers a new Must Read series at a crucial time in the comics industry," Boom! explained. "The unorthodox and one-time only approach allows Boom! Studios to deliver the debut issue of the series in only one month."

"This unprecedented early release of ***Wynd*** allows us to deliver one of our biggest new series of the year to readers sooner than expected and provides comic shop retailers with another hit series in one of the most important months of the year," Editor-in-chief *Matt Gagnon* said. "We know that readers are looking for entertainment that transports us to another world, delivering characters you love and a journey you can't wait to follow month to month—which James, Michael, and [letterer] *Aditya [Bidikar]* deliver in this incredible fantasy epic."

"The biggest retailers in the biz have been asking for hits," Boom! CEO and Founder *Ross Richie* said. "'We need hits, hits, hits—load up the big hits for comic shops, Ross; we need excitement as stores reopen,' they said. So we're listening to our partners and providing them what they're asking for. This is literally the familiar *Stan Lee* saying, 'Because you demanded it!'"

"Knowing we had a project with *James Tynion IV*—one of the hottest writers in superhero comics with ***Batman*** and in indie comics with ***Something Is Killing the Children***—that we could bring to comic shops sooner, we decided to make sure we left nothing on the table in giving comic shops everything they needed to bring back and keep customers," Boom! Retail Sales Coordinator *Morgan Perry* added. "On June 10th, you will have more *James Tynion IV* readers than ever before, with both ***Batman #92***, ***Something Is Killing the Children #7,*** and ***Something Is Killing the Children Volume One*** in stores. Releasing ***Wynd #1*** just one week later—with a preview in ***Something Is Killing the Children #7***—allows retailers to capitalize on that excitement. Every person picking up one of those three books will know they need to come back the next week for another huge launch from *James Tynion IV & Michael Dialynas*."

"I've always been an impatient person. I think I might have willed this into existence last week, looking over the final pages of what was the ***Wynd*** original graphic novel, wishing that people didn't have to wait until November to see them," Tynion explained. "***Wynd*** is my dream project, the one that I've been working on intermittently since I was in high school. Seeing it come to life with Michael's art has been one of the greatest pleasures of the last year, and the idea that we're going to get to bring it into the world in glorious oversized issues starting this summer is deeply exciting to me. We're really proud of this one."

Hah, I knew it!
You slept in again!
Whuh...
You missed the morning bell. C'mon, you need to get dressed!
Get... dressed?
Oh. Okay.
Keep this up and Mom is going to come down here and serve you for breakfast.
I'm moving!

"Just when I got my brain around the fact that people wouldn't be able to read ***Wynd Book One*** until November, *Boom*! (pun intended) we suddenly get to share our series with you in a new and fun way next month!" Dialynas added. "It's been a blast creating the magical world of Esseriel with James, and it has been a joy to work with [Senior Editor] *Eric [Harburn]* and the whole team again. I'm super proud and excited for you all to read ***Wynd***, just before we start planning out the next book in the series."

Not only is Boom! getting ***Wynd*** into comic shops as quickly as possible, they're also going the extra mile to offer readers maximum entertainment for their reading dollar: Each issue of the comic will feature more than 40 pages of story—more than twice as much as most comics!

***Wynd #1,*** a $4.99 comic, is scheduled for June 17th release—which means that it should be in comic shops the very same day as this issue of ***CSN.*** Comic shops will be able to order ***Wynd #s 2 & 3*** through the Final Order Cutoff program, but readers won't find it in the catalog until ***Wynd #4,*** which will be listed in the July ***Previews*** for September shipping.
